Summary of Change

The inner holes of the EPE foam will be changed into different quantity without changing the outer box size.

- Whether the full-box quantity to be changed would depend on the product series. For USB EDC and EDC (vertical only) series products, the full-box quantity were changed from 60 to 40 through this PCN, while other product series will not be affected.
- For which SATADOM series products shipped with power cable will be placed separately into each hole.

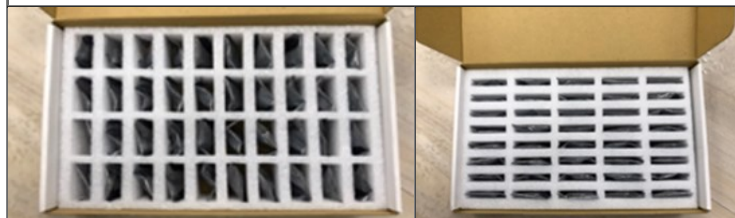

For the appearance of EPE foams, please refer to following pictures.

Old material.

(7PMDEXX-1)

New material.

for USB EDC/SATADOM series
(7PM000000021)

for USB Drive/EDC/SATA Slim series
(7PM000000022)

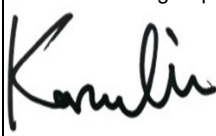

Key Milestone Dates

Effective Date: **2022/03/18**

*Milestone dates are subject to change based on business and operational conditions.

Notes:

No response from customers will be deemed as acceptance of the change and the change will be implemented pursuant to the key milestones. Innodisk apologizes for any inconvenience caused by this and appreciate your understanding. Innodisk promises that new items deliver quality and reliability for your application. If you have any further inquiry of our products or if you have any question about the specification of it, please contact Innodisk sales person. Thank you for your confidence in Innodisk in the past and looking forward to serving you in the near future.
