FWChange

Model	Part Number	Current FW	New FW
-------	-------------	------------	--------

Desc. Note

Innodisk anticipates no negative impact to customer's application.
There is no functional implication to customer's application, and qualification of these changes may not be necessary.

Summary of Change

SD and microSD Card 3TE4/3IE4 will undergo a correction to display the APP performance class to A2. This adjustment will not have any impact on the product's performance, specifications, or firmware version. This Product Change Notification (PCN) is applicable exclusively to standard products.

Note

Innodisk apologizes for any inconvenience caused by this and appreciate your understanding. Innodisk promises that new items deliver quality and reliability for your application. If you have any further inquiry of our products or if you have any question about the specification of it, please contact Innodisk sales person. Thank you for your confidence in Innodisk in the past and looking forward to serving you in the near future.

Key Milestone Dates

Effective Date	2024/3/23
-----------------------	-----------

*Implement from: new order

Customer Impact of Change and Recommended Action

This change has no impact on the product's performance and specifications.

If there are any concerns regarding the content of purchase orders, please contact your Innodisk sales representative.
